

wherein the circumference of said tapered portion in the proximity of said first surface being greater than the circumference of said tapered portion not in the proximity of said first surface; forcing air past said at least one cooling fin.

IN THE SPECIFICATION

Please rewrite the paragraph on page 1, lines 3-5 as follows:

This application is a continuation of copending U.S. application Serial Number 10/164,276 of Wagner filed on June 5, 2002, which is a continuation-in-part of U.S. application, Serial Number 10/006412 of Wagner filed on December 3, 2001, which are hereby incorporated by reference for all that is disclosed therein.

Attached hereto is a marked-up version of the changes made to the claim by the current amendment. The attached page is captioned "**Version with markings to show changes made.**"

In view of the foregoing, all claims are in condition for allowance and a notice to that effect is requested.

Respectfully submitted,
KLAAS, LAW, O'MEARA & MALKIN, P.C.

Date: July 29, 2003
